Developer | Educator | Coach

SENIOR SOFTWARE DEVELOPER | C#/.NET | SQL SERVER

HEALTHCARE TECHNOLOGY | AI-ASSISTED DEVELOPMENT

PROFESSIONAL SUMMARY

Software developer with over 15 years of experience building and maintaining enterprise applications across healthcare and financial services. My recent work centers Agentic AI workflows in C# and .NET backend development, SQL Server versioning and maintenance, third party api integrations, and the kind of long-term system ownership that comes from living inside a production codebase through years of change.

I work well inside legacy constraints, communicate clearly across technical and non-technical audiences, and consistently deliver solutions that are maintainable, traceable, and built to last. Whatever your situation I can deliver.

PROFESSIONAL EXPERIENCE

Application Developer

Optivate Health | July 2015 – Present

- Implement agentic AI workflows for EMR document generation.
- Design Agentic command structures for optimal output.
- Develop complex 3rd party communication and data exchanges.
- Develop and maintain healthcare software systems supporting EMR workflows, clinical documentation, patient data, and operational integrations.
- Design and implement backend systems in C#/.NET and SQL Server, including schema changes, complex queries, and data correction scripts
- Joined codebase when core platform ran on .NET 2; contributed to ongoing architecture modernization over 10+ years.
- Build and support durable backend workflows, production troubleshooting, and targeted reliable fixes.
- Modernize legacy patterns into more maintainable and scalable implementations.

Application Developer

Black Knight Financial Services | September 2013 – April 2015

- Delivered targeted enhancements and maintenance across internal mortgage business applications.
- Partnered with business stakeholders to translate operational requests into practical C#/.NET and JavaScript solutions.
- Improved usability, workflow efficiency, and day-to-day system functionality through focused feature updates.

ASP.NET Application Developer

ISO Group Inc. | June 2012 – May 2013

- Extended, upgraded, and re-architected internal business application using C#, VB.NET, Telerik, and SQL Server 2012.
- Split a 20,000-line monolithic project into a basic N-Tier architecture.
- Encapsulated LINQ2SQL connections dispersed across 200+ class files into a unified base class.
- Resolved end-user issues via ticketing system and delivered system enhancements based on feedback.

Software Developer

Computer Sciences Corporation / Raytheon | December 2009 – July 2012

- Core team member (3 people) on a process management system for the United States Air Force at Patrick AFB.
- Architected solution using Visual Studio 2010, C# 5.0, MVP design pattern, Entity Framework 5, and SQL Server 2008.
- Reverse engineered legacy MS Access 2000 application and migrated data to new SQL Server system
- Designed custom ranking system using Telerik RadDocks, AJAX, and C#; implemented revision/approval workflow

Web Application Developer

Nelson Publishing | August 2007 – March 2009

- Developed dynamic custom CMS for blogging with SQL Server backend, abstracted for use across multiple websites
- Used ASP.NET and AJAX toolkit to develop and enhance sophisticated administration pages for internal users

EDUCATION EXPERIENCE

Public School Teacher

Charlotte County Schools & Lee County Schools | 2003 – 2007

- Delivered instruction in 6–12 Math, Social Studies, and Interdisciplinary subjects.
- Developed lesson plans, assessments, and classroom instructional materials.
- Lead and participate in workgroups and professional development efforts.
Florida Department of Education Certified Teacher — 6–12 Math, Social Studies, Interdisciplinary (lapsed)

COACHING EXPERIENCE

Swim Coach

Sea Dragon Aquatics (USA Swimming) | May 2023 – Present

- Lead all groups within a USA Swimming program — independently managing coaching, practice execution, and pool operations
- Design and deliver training for swimmers at multiple ages and competitive levels
- Responsible for athlete development, group progression, practice structure, and daily program management
- Coached state champion swimmer in Indiana (2001)

USA Swimming Certified Coach and Official

ADDITIONAL INFO

Community Involvement

President L.A. Ainger Middle School School Advisory Council | 2018-2024

- Planned and conducted monthly meetings
- Managed rules and membership
- Collaborated with school leadership for student success

Level 2 Charlotte County Public Schools Volunteer | 2025 - Current

- Lead Fellowship of Christian Athletes
- Volunteer for High School Swim Events and Officiate
